Background

- For each person who goes uncounted in the 2020 census, Illinois could lose about $1,400 per year.

- Prior to census day it’s crucial that we:

  - Educate
  - Encourage
  - Engage
Who

- AgeOptions has a network of over 40 congregate meal sites. These sites reach over 1,000 seniors across suburban Cook County each year.

- To expand upon our census outreach we partnered with our network of congregate meal sites to implement a volunteer census ambassador program.
  - This leverages the power of our congregate meal sites’ amazing volunteer network
What

A volunteer census ambassador acts as the educational resource at congregate meal sites for the 2020 Census. The goal is to increase awareness of the 2020 Census, educate participants at congregate meal sites how participation can impact their wellbeing and provide assistance completing the census, if needed.

Answer questions

Lead scripted activities & presentations

Distribute educational & outreach materials

Educate seniors on how to avoid fraud around completing the census

Assist seniors with online completion when applicable

Provide outreach flyers & brochures to home delivered meal drivers
When

Jan - early Feb
Assist with development of a volunteer base & train congregate meal sites on VCA program

Late Feb - early March
VCA outreach & education at congregate meal sites

Late March – April
Census completion events & assistance at sites with online completion
Where

VCA efforts will occur at our participating congregate meal sites.

VCA led events (census solution workshops, census completion events, etc.) can occur in collaboration with other community stakeholders (libraries, park districts, etc.)
Why

As we work to promote a complete census count in the state of Illinois, we want to include as many diverse voices in our outreach as possible.

We want to involve and hear from those on the ground who work directly with our seniors day in and day out.

By spreading outreach and awareness through our sites’ network of volunteers, we ensure that trusted voices are delivering information to our seniors which we hope will promote census engagement.

2020 Census: Community Outreach Toolkit Overview
COMMUNITY OUTREACH TOOLKIT

A quickstart guide to tailoring census outreach efforts for the people you serve

Why is the toolkit useful

• It provides useful tips and evidence-based guidance on how to make your communications and outreach efforts as effective as possible
How to use this toolkit:

**STEP 1**
**READ THE INTRO**
Welcome! Find out what this toolkit is, who it’s for, and how to use it.

**PAGE 03**

**STEP 2**
**GET A CENSUS REFRESHER**
Take Census 101—get a refresher on the reasons census matters to your community and the United States at large.

**PAGE 04**

**STEP 3**
**LEARN THE BASICS OF OUTREACH**
Get quick tips & best practices on how to design your outreach based on behavioral science research.

**PAGE 06**

**STEP 4**
**IDENTIFY YOUR AUDIENCE TO UNDERSTAND THEIR BARRIERS TO PARTICIPATION**
- “I don’t think the census has any impact on my life.”
- “I don’t feel comfortable sharing my information.”
- “I have trouble completing census forms.”
- “I don’t have time to fill out the census.”

Census Refresher

• Once a decade everyone comes together to participate in the decennial census it’s in the constitution!
• It helps the federal government in reapportioning congressional seats, redistributing billions of dollars in federal funding to support the state of Illinois, your county, and local community programs
• EVERYONE COUNTS!
  – Local government officials
  – Residents
  – Real-estate Developers
  – Businesses
• Your information is CONFIDENTIAL
Basics of Outreach

• Make it Actionable
  – Keep it Simple
  – Make it visual
  – Create a checklist
  – Prompt people to make a plan

• Make it Relevant
  – Make it salient
  – Make it personal
  – Make it social
  – Consider the right incentives

• Plan the Delivery
  – Consider the messenger
  – Consider the timing
  – Consider the location
  – Get creative with your mechanism
Identify Your Audience and Breaking Barriers

• The Toolkit provides a couple specific examples of how to apply the tactics talked about in the Basics of Outreach
WHAT THEY SAY

“I don’t feel comfortable sharing my information.”

WHO THIS MIGHT BE
This person wonders: How is my data used and stored? Are the data really confidential?

MAKE IT ACTIONABLE

Preview census questions
Walking people through the questions the census contains before they actually take it can help to clarify the type of information “the government” is asking them, and help build clarity that there is no identifying information such as name or social security number.

MAKE IT RELEVANT

Start with a sure win
If you acknowledge something you know is a concern of your audience, they are more likely to relate to the next thing you say. For example, try highlighting data security as a legitimate concern before explaining how information is protected.

PLAN THE DELIVERY

Connect early
Because these individuals may require more information and discussion than other groups, begin outreach with them early. Early outreach will enable more time for informational efforts to build their confidence with how census data is used and protected.

Reputation matters
Finding a familiar person this group trusts is particularly important. Choose someone who has community standing rather than the most “well known” person.
“I have trouble completing census forms.”

This audience contains non-native English speakers or recent immigrants. They may not understand the importance of participating in a census or survey.

**MAKE IT ACTIONABLE**

Reduce word count
Especially for non-native English speakers, complete an exercise where you communicate actions to taking the census with as few words as possible.

Make a worksheet
Help people prepare to take the census with a worksheet or checklist that clearly specifies what people need to know in order to complete the census (how many people live in their house, their ages, etc.).

**MAKE IT RELEVANT**

Promote responsibility to a group
These often tight-knit communities will value the fact that taking the census to represent their voice and enable a more accurate allocation of resources for their entire community requires everyone to participate.

**PLAN THE DELIVERY**

Meet people where they are
Identify services individuals use—such as public transportation—and bring census messaging there.
Tailor Your Outreach

• Toolkit provides a checklist to keep in mind when your creating your outreach messaging including some things like:
  – Know your Audience
  – Have an Objective
  – Make it Actionable
  – Make it Relevant
  – Plan the Delivery
Resources

• Outreach Planning Worksheet
• Census 101 handout
• Printable stickers
